December 24, 2020

Dearest Patient,

It is with mixed emotions that I am writing to advise you that I have sold my practice, effective December 24, 2020. It has been a pleasure serving your health care needs over the years.

Following the sale of the practice on December 24, 2020, Dr. Sachin V. Diwadkar will be taking over and continuing the practice. I am delighted that my dear staff, Christina, Crissie, Denise, Kristina, and Lorena, who have all played integral roles in my success throughout the years, will remain with the practice and at your side. Personally, I am very pleased that you have the opportunity to have Dr. Diwadkar as your cardiologist. He is a trusted colleague who I believe will carry on my mission of providing the compassionate and personalized care I always strived to provide you. Dr. Diwadkar is a board certified physician in five medical and cardiac subspecialties. A native of Tampa, Dr. Diwadkar completed his undergraduate education at the University of Florida and returned to Tampa to attend the University of South Florida Morsani College of Medicine. He then went on to complete his residency in Internal Medicine at Mount Sinai Beth Israel in New York City, followed by highly competitive fellowships in Cardiovascular Diseases and Interventional Cardiology at the University of South Florida and Tampa General Hospital. Dr. Diwadkar is also an Assistant Professor of Medicine with the University of South Florida. As collaborative faculty within the Department of Cardiology, he remains closely linked to academia and provides education and training to our next generation of cardiologists. I am glad that my patients will be in Dr. Diwadkar's capable hands. Of course, you may seek medical care from another doctor if you like. If you choose to do so, I recommend looking for a new physician as soon as possible.

Your medical records are confidential, and a copy can be transferred to another doctor or released to you or another person you designate only with your written permission. If you plan to continue with this office, you can sign an authorization form to release your files to Dr. Diwadkar on your next visit. If you choose to see a different physician, please sign the enclosed authorization form and return it to my office as soon as possible so we may transfer your records to your new doctor. Until then, your records will remain on file at my former office, located at the address provided above.

I have greatly valued our relationship, and thank you for your loyalty and friendship over the years. Best wishes for your future health.

Sincerely,

Dr. Eric E. Harrison

Enclosure
